INTRODUCTION

The Kangaroo Math Competition is an international school-level mathematics competition organized by the Association Kangourou sans Frontières (AKSF), a transnational educational group based in Paris. Founded in the early 1980s, the Kangaroo Math Competition is currently the world's largest math competition, with more than 6 million participants from over 108 countries in 2024. Malaysia was inducted into AKSF in 2012 and has been sanctioned by AKSF to organize the competition in Malaysia since 2013. In 2024, the Kangaroo Math Competition has been participated in by almost 70,000 students from over 2,000 schools across Malaysia.

OBJECTIVES

- 🦋 To popularize mathematical enrichment activities among students and teachers in Malaysia.
- 🦋 To allow Malaysian school students to achieve certification and recognition from an internationally prominent education body.
- 🦋 To expose students to interesting math problems designed by internationally renowned math educators.
- 🦋 To allow students to apply their knowledge in Mathematics that they have learned in school.
